SCHEDULE

TARIFF OF FEES IN RESPECT OF PHYSIOTHERAPY SERVICES

GENERAL RULES GOVERNING THE TARIFF

- 001 Unless timely steps are taken to cancel an appointment for a consultation the relevant consultation fees shall be payable by the employee.
- 002 In exceptional cases where the tariff fee is disproportionately low in relation to the actual services rendered by a practitioner, a higher fee may be negotiated. Conversely, if the fee is disproportionately high in relation to the actual services rendered, a lower fee than that in the tariff should be charged.
- 003 The services of a physiotherapist shall be available only on referral by a medical or dental practitioner.
- 004 In the case of prolonged or costly treatments these should only be embarked upon after negotiations between the referring medical practitioner and the Compensation Commissioner.
- 005 After a series of 20 treatments for the same condition, the physiotherapist must refer the employee back to the medical practitioner and report to him the progress already made. If further physiotherapy treatment is required the medical practitioner must submit a progress report to the Compensation Commissioner indicating the necessity for further treatment and the number of further treatments required. Without such a report payment for treatments in excess of 20 shall not be considered.
- 006 "After hour treatments" shall mean those performed by arrangement at night between 18:00 and 07:00 on the following day or during weekends between 13:00 Saturdays and 07:00 on Monday. Public holidays are regarded as Sundays.

This rule shall apply for all treatments whether given in the practitioner's room, or at a nursing home or private residence only by arrangement when the patient's condition necessitates it.

The fee for all treatments under this rule shall be the total fee for the treatment plus 50 per cent. Modifier 0006 must then be quoted after the appropriate Tariff number to indicate that this rule is applicable.

In case where the physiotherapist's scheduled working hours extend after 18:00 during the week or 13:00 on a Saturday the above rule shall not apply and the treatment fee shall be that of the **normal listed tariff**.

- 007 The practitioner shall submit his account for treatment under the Act to the employer of the employee concerned.

- 008** The fee in respect of more than one procedure (save for Tariff item 72701) performed at the same consultation or visit, shall be the Tariff fee for the major procedure plus half the Tariff fee in respect of each additional procedure, but under no circumstances may fees be charged for more than three procedures carried out in the treatment of any one condition. Modifier 0008 must then be quoted after the appropriate Tariff numbers for the additional procedures to indicate that this rule is applicable.
- 009** When more than one condition requires treatment and each of these conditions necessitates in individual treatment time, they shall be charged as individual treatments. Full details of the nature of the treatments must be stated. Modifier 0009 must then be quoted after the appropriate Tariff numbers to indicate that this rule is applicable.
- 010** When the treatment times of two completely separate and different conditions overlap, the fee shall be the full Tariff fee for the one condition and 50 percent of the fee for the other condition. Modifier 0010 must then be quoted after the appropriate Tariff numbers to indicate that this rule is applicable.
- 011** Items 72305, 72501 and 72503 cannot be claimed simultaneously.
-
