As required under section 23(a)(iv) of the Act, the medicines whose particulars are specified in this Schedule are registered subject to the following conditions -

- (a) the manufacture and control of the medicines must be in accordance with the existing Good Manufacturing Practices as required by the World Health Organization;
 - (b) in order to assess compliance with paragraph (a) above, inspections and investigations may be carried out regularly by inspectors authorised in terms of section 35 of the Act to undertake such inspections and investigations;
 - (c) every manufacturer of a medicine must, with the approval of the Namibia Medicines Regulatory Council, ensure that the information contained in the medicine package insert is regularly updated and varied so as to provide accurate information to the user of the medicine;
 - (d) the holder of the certificate of registration which is referred to in section 19(4) of the Act must comply with the provisions of the Act;
 - (e) the registration of medicine is subject to regular review regarding its quality, safety and efficacy and the Namibia Medicines Regulatory Council may if necessary, vary the registration of the medicine;
 - (f) the first two production batches must be validated in accordance with the detailed process validation protocol which was submitted at the time of the application for registration;
 - (g) a validation report must be submitted to the Namibia Medicines Regulatory Council within one month from the date of completion of the validation referred to in paragraph (f); and
 - (h) the Namibia Medicines Regulatory Council may review the registration dossier and may determine the intervals when such review will take place.
-
